

ADVISORY

Improper Use of Electronic Devices at Health Facilities

Please be advised that the use of cellular phones or video recording devices; and sharing of photos/videos of any medical staff and or patients inside the hospital premises via any forms of media but not limited to social media, e-mails or magazines are strictly prohibited.

It is a violation of the Client Charter of Rights to post photos/videos without the consent of staff and patients.

Staff who are found guilty of such action will be subjected to the rules of the Human Resource and Industrial Relations Department.
